#### Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Campbell County, Kentucky, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Campbell County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We did not audit the financial statements of some entities that collectively comprise Campbell County Fiscal Court. Those financial statements were audited by other auditors whose reports have been furnished to us and our opinion, insofar as it relates to the amounts included for those component units and funds is based upon the reports of other auditors. Those entities were:

Certain portions of the Governmental Funds including:

- Major Special Revenue Fund-Campbell County, Kentucky Fiscal Court Housing Department Housing Choice Voucher Program.
- Major Debt Service Fund-Campbell County Public Properties Corporation.

Certain portions of the Proprietary Funds including:

- Major Proprietary Fund-Lakeside Terrace Apartments HUD Project No. 083-44012-236
- Major Proprietary Fund-A.J. Jolly Park

Those financial statements reflect total assets and revenues of the government-wide financial statements and total assets and revenues or additions of the fund financial statements as follows:

Government-Wide Financial Statements	Percent of Assets	Percent of Revenues
Primary Government-Governmental Activities	4.21%	13.08%
Primary Government-Business-Type Activities	97.04%	89.01%
Fund Financial Statements		
Governmental Funds-Major Funds	4.61%	12.94%
Proprietary Funds-Major Funds	97.04%	89.01%

To the People of Kentucky
Honorable Steven L Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Steve Pendery, Campbell County Judge/Executive
Members of the Campbell County Fiscal Court

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and the <u>Audit Guide for Fiscal Court Audits</u> issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Campbell County, Kentucky, as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Campbell County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the basic financial statements. The combining fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the report of other auditors, are fairly stated in all material respects in relation of the basic financial statements taken as a whole.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated September 22, 2009, on our consideration of Campbell County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

To the People of Kentucky
Honorable Steven L Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Steve Pendery, Campbell County Judge/Executive
Members of the Campbell County Fiscal Court

Based on the results of our audit, we present the schedule of findings and questioned costs, included herein, which discusses the following finding:

## Campbell County Management's Discussion and Analysis June 30, 2008

The financial management of Campbell County, Kentucky offers readers of Campbell County's financial statements this narrative overview and analysis of the financial activities of Campbell County for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with other information that we may have furnished in our letter of transmission and the notes to the financial statements.

#### Financial Highlights

- Campbell County had net assets of \$38,513,717 as of June 30, 2008. The fiscal court had unrestricted net assets of \$13,667,426 in its governmental activities as of June 30, 2008. In its business-type activities, cash and cash equivalents were \$131,922 with total net assets of \$1,331,181. Total debt principal as of June 30, 2008 was \$16,057,812 with \$1,232,288 due within one year.
- The government's total net assets increased by \$825,747 from the prior year. Total expenses for the current fiscal year were slightly lower while total revenues increased somewhat. A sale of property accounted for \$206,352 in revenue during the year.
- At the close of the current fiscal year, Campbell County's balance sheet for Governmental Funds reported a fund balance of \$13,391,084. Of this amount, \$12,363,331 is available for spending at the government's discretion (unreserved fund balance).
- Campbell County's total indebtedness at the close of fiscal year on June 30, 2008 was \$16,057,812 of which \$14,825,524 is long-term debt (due after 1 year) and \$1,232,288 is short-term debt (to be paid within 1 year). There were no debt additions and debt reductions were \$1,534,535. Campbell County had capital project expenditures amounting to \$550,835 during the year.

#### **Overview of the Financial Statements**

This management discussion and analysis is intended to serve as an introduction to Campbell County's basic financial statements. Campbell County's basic financial statements are comprised of three components: 1) government wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GASB 34 requires management to include certain comparison schedules when they are available. These schedules include prior and current comparisons of general revenues by major source, and program expenses by function.

**Government-wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of Campbell County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of Campbell County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Campbell County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported on the accrual basis of accounting. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and related assets and liabilities.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Campbell County's governmental activities include general governmental, protection to persons and property, roads, recreation, social services, health and sanitation, and bus services. The County has several business type activities: A.J. Jolly Park, Lakeside Terrace Apartments and the Jail Canteen.

The government-wide financial statements include not only Campbell County itself (known as the primary government), but also legally separate entities, which have a significant operational or financial relationship with the County. Campbell County has four such entities: A.J. Jolly Park, Lakeside Terrace Apartments, the Housing Choice Voucher Program and the Campbell County Public Properties Corporation. These are known as blended component units.

#### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Campbell County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Campbell County can be divided into three broad categories: *governmental funds, proprietary funds, and fiduciary funds*.

#### **Fund Financial Statements (Continued)**

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Campbell County maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the government fund statement of revenues, expenditures, and changes in fund balances for the General, Road, Jail, (TANK)Payroll Tax, General Obligation Bond/Construction Fund, the Housing Choice Voucher Program and the Debt Service Public Properties Corporation funds, all of which are considered major funds by the County. The Local Government Economic Assistance, Senior Citizens Tax, Mental Health Tax, Developer Road Escrow, and Federal CDBG Fund are considered non-major funds and are represented in a combined form.

Campbell County adopts an annual appropriated budget for its major governmental funds. A budgetary comparison statement has been provided for the general fund and each major special revenue fund to demonstrate compliance with their budgets.

**Proprietary Funds.** Proprietary funds provide the same type of information as the business-type activities column on the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Lakeside Terrace Apartments, A.J. Jolly Park, and Jail Canteen Funds.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **Government-wide Financial Analysis**

**Net Assets.** As noted earlier, net assets may serve over time as a useful indicator of a government's financial position.

#### **Changes in Net Assets**

*Governmental Activities*. Campbell County's net assets increased by \$843,817 in fiscal year 2008. Key elements of this are as follows:

- ➤ Current assets and cash decreased by \$2,970,294. This was primarily due to the use of cash to fund construction projects.
- ➤ Investment in capital assets, net of related debt increased by \$85,564. The majority of this increase related to the purchase of land and land improvements along with infrastructure improvements.
- > Current and long-term liabilities decreased by \$1,816,183 as a result of debt payments.
- Revenues were \$31,996,956 as reflected in the Statement of Activities.
- Expenditures totaled \$31,153,139 as reflected in the Statement of Activities.

Business-type Activities. Campbell County's net assets for these activities decreased by \$18,070.

#### Financial Analysis of the County's Funds

As noted earlier, Campbell County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds Overview. The focus of Campbell County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the June 30, 2008 fiscal year, the combined ending fund balance of County governmental funds was \$13,391,084. Approximately 92.3% (\$12,363,331) of this consists of unreserved fund balance, which is available as working capital and for current spending in accordance with the purposes of the specific funds. The remainder of fund balance (\$1,027,753) is reserved to indicate that it is not available for new spending because it is committed.

The County has 7 major governmental funds. These are: 1) General Fund; 2) Road Fund; 3) Jail Fund; 4) (TANK) Payroll Tax Fund; 5) Housing Choice Voucher Fund; 6) Public Properties Corporation and 7) General Obligation Bond/Construction Fund. There are five non-major funds. They are the Developers Road Escrow Fund, the Local Government Economic Assistance Fund, the Federal CDBG Fund, the Senior Citizen Tax Fund and the Mental Health Tax Fund.

- 1. The General Fund is the chief operating fund of Campbell County. At the end of the June 30, 2008 fiscal year the total fund balance of the General Fund was \$5,040,536, all of which was unreserved. During fiscal year 2008 there was a decrease of \$1,807,735 from the prior year-end general fund balance. The county received \$5,014,888 in Real Property tax revenues. This accounts for approximately 40% of the general fund revenue. \$3,676,983 was received from personal property, motor vehicle and insurance taxes which account for approximately 29.4% of the county's general fund revenues. Sheriff and Clerk fees accounted for \$819,301 or 6.6% of general fund revenues. Various other taxes, service fees and investment earnings make up the remaining 24% of revenues.
- 2. The Road Fund is the fund related to county road and bridge construction and maintenance. The Road Fund had \$553,509 in fund balance at June 30, 2008. The fund balance at the end of the previous year was \$168,646. The higher FY 2008 fund balance was due mainly to the timing of road expenditures. The fiscal year 2008 expenditures for road projects were \$1.2 million. State funding provided a total of \$945,670 in funding for road projects during the fiscal year. Transfers from the general fund provided nearly all of the remaining funding requirement.

#### Financial Analysis of the County's Funds (Continued)

- 3. The Jail Fund is used to account for the operation of the County's detention program. The Jail Fund had a fund balance at June 30, 2008 of \$929,365, all of which was unreserved. That is an increase in fund balance of \$643,082 from the previous fiscal year-end. The Jail Fund received \$3,921,460 from the state and federal governments for services, primarily for housing prisoners. Transfers from other funds were used to cover a total of \$3,454,855 in jail expenses.
- 4. The (TANK) Payroll Tax Fund is used in part to provide funds for the operation of the regional transit system. As of June 30, 2008 the balance in this fund was \$5,890,544. This represented a decrease in the fund balance of \$47,862 from the previous year-end. This decrease in fund balance was due mainly to transfers made from the payroll fund to the general fund in order to meet the general funding needs of the County.
- 5. The Housing Choice Voucher Program ended the 2008 fiscal year with a fund balance of \$466,411. The previous year balance was \$193,044. The Program derives nearly all of its revenue from The Department of Housing and Urban Development (HUD).
- 6. The Public Properties Corporation Fund serves as a conduit for the financing of various County projects. Thus bonds and refunding bonds have been issued through this Corporation. The fund balance at the end of June 30, 2008 was \$164,591. The June 30, 2007 ending fund balance was \$497,180.
- 7. The General Obligation Bond/Construction Fund is used to account for the bonds issued in FY 2006 and for the related jail construction. On June 1, 2006 the County of Campbell, Kentucky General Obligation Public Project Bonds, Series 2006 were issued in the amount of \$13,150,000. The proceeds from this issue were for the addition to the county jail. At June 30, 2008 the balance in this fund was \$(651,917).
- 8. The total fund balance for the non-major funds as of June 30, 2008 was \$998,045. This represented a decrease over the prior year of \$ 44,938. Total expenditures for the non-major funds for the year were \$1,468,929. Revenue sources for the non-major funds include occupational license and payroll taxes designated for Senior Citizens and mental health programs in the County. The Senior Citizen program revenues for the year from this source amounted to \$416,812. Mental Health program revenues were \$833,539 for the year. A total of \$209,900 was transferred out of the Mental Health Fund to cover mental health expenditures made by other funds.

*Proprietary Funds Overview*. The County's proprietary fund statements provide the same type of information found in the business-type activities column of the government-wide statements, but in more detail.

Campbell County has three enterprise funds, the Lakeside Terrace Apartments, A.J. Jolly Park, and the Jail Canteen.

#### Financial Analysis of the County's Funds (Continued)

- 1. Lakeside Terrace Apartments had net assets of \$496,217 as of June 30, 2008 with a cash balance of \$14,564. Most of the revenue for this fund is derived from tenant payments. During fiscal year 2008 these tenant payments for rent amounted to \$323,762. Federal payments into this fund for tenant assistance amounted to \$46,206.
- 2. A.J. Jolly Park net assets at June 30, 2008 amounted to \$784,694 with a cash balance of \$75,649. The majority of the Park's assets consisted of capital assets such as land and land improvements for the golf and general recreation facility. Net capital assets for Jolly amounted to \$751,236 at the fiscal year-end. Revenues for the golf course amounted to \$650,585 and were derived from user fees.
- 3. The Jail Canteen Fund had net assets of \$50,270 as of June 30, 2008 with a cash balance of \$41,709. Most of the revenue for this fund is derived from sales to County Jail inmates and the expenses are purchases of items for resale as well as the salary of the canteen clerk.

#### **General Fund Budgetary Highlights.**

The County's original budget was amended during the fiscal year increasing the operating budget. Budget amendments were made to the General to adjust for the receipt of various unanticipated revenues and related expenses.

Actual operating revenues were \$629,761 less than the amount originally budgeted by the Fiscal Court. This decrease was primarily due to lower tax revenues especially in the insurance premium tax category.

Actual operating expenditures were \$1,153,394 less than originally budgeted by the Fiscal Court. This was primarily due to less than anticipated cost in the general government, administrative and capital project categories.

#### **Capital Assets and Debt Administration**

Capital Assets. Campbell County's investment in capital assets for its government and business type activities as of June 30, 2008, amounted to \$40,628,490 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements to land other than buildings, machinery and equipment, vehicles and infrastructure assets. The County has elected to report infrastructure assets per GASB 34 provisions.

#### **Capital Assets and Debt Administration (Continued)**

Major capital asset events during the 2008 fiscal year included the purchase of property to be used as county park land, expenditures relating to the construction of a new county administration building, renovation expenses relating to the County's detention center, the purchase of five police cruisers, completion of an update of the County's Comprehensive Plan, renovation of restroom facilities at the A.J Jolly Park, replacement of computer hardware and software and replacement of other aging County equipment.

Additional information on the County's capital assets can be found in Note 4 of this report.

Long-Term Debt. At the end of the 2008 fiscal year, Campbell County had total long-term debt outstanding of \$16,057,812. The amount of this debt due within the next year is \$1,232,288 and \$14,825,524 is due in subsequent years. This debt is for the district and circuit court facilities, jail and park facilities and equipment and emergency dispatch center equipment. This debt is described in note 7 of the notes to the financial statements.

#### Other matters

The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2009 fiscal year budget:

• The 2009 fiscal year Adopted Budget continues most services at current levels with the exception for which federal or state funding is decreasing or for projects which have been completed or are nearing completion.

#### **Other Matters (Continued)**

• The increasing cost of housing prisoners in the Campbell County Detention Center continues to be a drain on the overall budget. The County is considering a number of measures to address this problem, which is common to county governments throughout the state.

#### **Requests For Information**

This financial report is designed to provide a general overview of Campbell County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this or requests for additional financial information should be addressed to James D. Seibert, Fiscal Director, Campbell County Fiscal Court, 24 West 4<sup>th</sup> St., Newport, KY 41071.

#### CAMPBELL COUNTY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### For The Year Ended June 30, 2008

Net Change in Fund Balances - Total Governmental Funds

\$ (2,332,633)

Amounts reported for governmental activities in the statement of activities are different beause:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays

exceeded depreciation in the current period:	
Capital Outlay Expenditures	3,889,117
Infrastructure	224,117
Depreciation expense	(2,366,951)
Donated Assets (Roads)	244,985
Land acquired in exchange for sale of building	100,000
Capital Contribution to Dispatch	(226,718)
Certain revenues are recorded in the funds, however, they decrease liabilities at the	
government-wide level and are not reported on the Statement of Activities.	
Receipts for Bond and Interest Payment	(89,220)
Some expenses reported on the Statement of Activities do not require the use of	
current financial resources and, therefore, are not reported as expenditures in the	
governmental funds	

governmental funds.

Change in compensated absences 6,465 Some deferred revenue reported in the governmental funds in prior years is

recognized as revenue in the current year. This revenue was previously recognized as revenue on the statement of activities and has therefore been eliminated.

(16,575)The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes

the current financial resources of governmental funds. Neither transaction, however, has any effet on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayment of long term debt principal	1,433,238
Amortization of bond issuance costs and bond discount	(15,543)

### CAMPBELL COUNTY NOTES TO FINANCIAL STATEMENTS

June 30, 2008

#### Note 1. Summary of Significant Accounting Policies

#### A. Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA.) (See part D for additional discussion on basis of presentation.)

#### **B.** Reporting Entity

For financial reporting purposes, the Campbell County Fiscal Court includes the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented. The County has no discretely presented component units.

#### **Blended Component Units**

The following legally separate organizations provide their services exclusively to the primary government, and the fiscal court is able to impose its will on these organizations. These organizations' balances and transactions are reported as though they are part of the county's primary government using the blending method.

Campbell County Fiscal Court Housing Choice Voucher Program:

The Campbell County Fiscal Court Housing Department operates the Housing Choice Voucher Program. It is engaged in providing rental assistance to persons of low income and who, for the most part, are residents of Campbell County, Kentucky. Funds to operate the program are obtained principally from the U.S. Department of Housing and Urban Development. This component unit is blended within the financial statements of the County.

Campbell County Public Properties Corporation:

The Board of Directors of the Campbell County Public Properties Corporation is made up entirely of the members of the Campbell County Fiscal Court. The Corporation is created solely for the benefit of the Fiscal Court per KRS 58.180 to act as an agent in the acquisition and financing of any public project and cannot be sued in its own name without recourse to the Campbell County Fiscal Court. The Fiscal Court has access to the Corporation's resources and is legally obligated to finance the debts or provide financial support to the Corporation. The Corporation is financially accountable to the Fiscal Court. This component unit is blended within the financial statements of the County.

#### **B.** Reporting Entity (Continued)

Blended Component Units (Continued)

Lakeside Terrace Apartments HUD Project No. 083-44012-236:

The Project is a 96-unit apartment complex for the elderly located in Highland Heights, Kentucky. The project is operated under Section 236 of the National Housing Act and regulated by the U.S. Department of Housing and Urban Development with respect to rental charges and operating methods. The Project's major program is its Section 236 direct loan. Legal title to the project is held by the Campbell County Public Properties Corporation, a nonprofit corporation. This component unit is blended within the financial statements of the County.

#### A.J. Jolly Park:

The activities of A.J. Jolly Park (an agency of the Campbell County Fiscal Court) are accounted for using the enterprise fund principle. This reported method was adopted to account for the Park's operations in a manner similar to private business enterprises. The major portion of land on which the Park is operated is owned by the Campbell County Public Parks Corporation, which used two related bond issues to acquire it. Once the bonds are retired, the Public Parks Corporation will transfer title of the property to the County. This component unit is blended within the financial statements of the County.

Copies of the audits of the blended component units can be obtained by contacting James D. Seibert, Fiscal Director, Campbell County Fiscal Court, 24 West 4<sup>th</sup> St., Newport, KY 41071.

#### C. Campbell County Elected Officials

Kentucky law provides for election of the officials below from the geographic area constituting Campbell County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statements of Campbell County, Kentucky.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### **D.** Government-wide and Fund Financial Statements (Continued)

The government—wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of inter-fund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories:

1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

A significant feature of the government-wide Statement of Activities is the presentation of each program's net cost. GAAP requires the reporting of a program's net cost to indicate how self-sustaining the program is and to reveal the extent of reliance on other governmental units. Net cost is obtained by subtracting program expenses from program revenues. Program expenses are those costs attributable to a particular function including certain indirect costs. GAAP permits both direct and indirect program expenses to be presented together in an "Expenses" column. Therefore, indirect expenses are not specifically identified with individual functions and activities.

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenues once provider-imposed eligibility requirements have been met.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### **D.** Government-wide and Fund Financial Statements (Continued)

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied(mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3<sup>rd</sup> Saturday in April following the delinquency date.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

#### **Governmental Funds**

All governmental fund statements are accounted for on the modified accrual basis of accounting and focus on the flow of current financial resources. In accordance with the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the fiscal period. Revenues are considered to be available when they are either collected within the current period or their collection is expected shortly after the end of the current period in time to meet current liabilities. The County generally includes those revenues to be received up to 90 days following the end of the accounting period. Revenues expected to be collected after 90 days beyond the end of the accounting period are considered unavailable and are reported as deferred revenues. Deferred revenues also include amounts received but unearned as of June 30. In the governmental funds, where the focus is on the flow of current resources, expenditures are usually recorded at the time liabilities are incurred. Exceptions are: inventories, prepayments, and acquisition of capital assets which are recorded at the time of acquisition, principal and interest on long-term debt, as well as compensated absences which are recorded as expenditures in the period payment is made.

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the Fiscal Court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

*Road Fund* - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck licenses distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### D. Government-wide and Fund Financial Statements (Continued)

#### **Governmental Funds (Continued)**

(*TANK*) Payroll Tax Fund – The purpose of this fund is to account for occupational tax collections, which were originally approved by the voters as Section 12 of Ordinance R-34-78 and amended with Ordinance O-26-99. All money derived under the provisions of this Ordinance are placed to the credit of:

- A) The General Revenue Fund of the County of Campbell and shall be used and expended in defraying the current general and incidental expenses of the County
- B) To appropriate and pay over to the Transit Authority of Northern Kentucky capital and operating funds as provided in K.R.S. Chapter 96A;
- C) For traffic improvement and mass transportation related projects as authorized by the Fiscal Court.

General Obligation Bond/Construction Fund – The purpose of this fund is to account for the General Obligation Public Project Bonds, Series 2006 issued in June 2006. This bond issue is being used for the addition to the jail. The primary source of revenue for this fund is the proceeds from the bond issue.

Campbell County Housing Choice Voucher Program - The Campbell County Housing Choice Voucher Program is operated by the Campbell County Fiscal Court. It is engaged in providing rental assistance to persons of low income and who, for the most part, are residents of Campbell County, Kentucky. Funds to operate this program are obtained principally from the U.S. Department of Housing and Urban Development.

Campbell County Public Properties Corporation Fund - This Corporation was created solely for the benefit of the Fiscal Court to act as an agent in the acquisition and financing of any public project. It is used to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

The primary government also has the following non-major funds: Local Government Economic Assistance Fund, Senior Citizens Tax Fund, Mental Health Tax Fund, the Developer Road Escrow Fund, and the Federal CDBG Fund.

#### Special Revenue Funds:

The Road Fund, Jail Fund, (TANK) Payroll Tax Fund, Campbell County Housing Choice Voucher Program, Local Government Economic Assistance Fund (LGEA), Senior Citizens Tax Fund, Mental Health Tax Fund, the Developer Road Escrow Fund, and the Federal CDBG Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### D. Government-wide and Fund Financial Statements (Continued)

#### **Governmental Funds (Continued)**

#### Debt Service Funds:

The Campbell County Public Properties Corporation Fund is used to account for the accumulation of resources for, and payment of general long-term debt principal and interest.

The General Obligation Bond/Construction Fund is used to account for the accumulation of resources for, and the payment of long-term debt principal and interest on the Campbell County General Obligation Public Projects Bond, Series 2006.

#### **Proprietary Funds**

Proprietary funds use the full accrual basis of accounting, recognizing revenues and expenses when they occur, regardless of the timing of cash flows. On the Statement of Revenues, Expenses and Changes in Net Assets, the term "expenses" (not "expenditures" as in the governmental funds on a modified accrual basis) describes the decrease in economic benefits and emphasizes the accrual basis of accounting.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the county's enterprise funds are charges to customers for sales in the Jail Canteen Fund, at Lakeside Terrace Apartments and A.J. Jolly Park. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

The primary government reports the following major proprietary funds:

#### Lakeside Terrace Apartments HUD Project No. 083-44012-236

The Project is a 96-unit apartment project for the elderly located in Highland Heights, Kentucky. The Project is operated under Section 236 of the National Housing Act and regulated by the U.S. Department of Housing and Urban Development with respect to rental charges and operating methods. The Project's major program is its Section 236 direct loan.

Legal title to the Project is held by Campbell County Public Properties Corporation, a nonprofit corporation. The accompanying financial statements are those of the Project and do not represent the financial statements of Campbell County Public Properties Corporation. The Project is a component unit of the Campbell County Fiscal Court.

The Project is subject to Section 8 Housing Assistance Payments agreements with U.S. Department of Housing and Urban Development (HUD), and a significant portion of the Project's rental income is received from HUD. The Project's non-major programs are its rent subsidy and Flexible Subsidy Loan.

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### D. Government-wide and Fund Financial Statements (Continued)

#### **Proprietary Funds (Continued)**

#### A.J. Jolly Park

The A.J. Jolly Park is a component unit enterprise fund of the Campbell County Fiscal Court. The Park is the operator of the A.J. Jolly Golf Course.

#### Jail Canteen Fund

Inmates at the Campbell County Jail are set up with an account upon entry. Inmates are permitted to order items, such as snacks, and use money from their account to pay. This fund's purpose is to record the profits from this operation. The profits are used to benefit the prisoners.

#### **Fiduciary Funds**

Fiduciary funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. The county's agency fund is used to account for monies held by the county for custodial purposes only. Unlike other funds, the agency fund reports assets and liabilities only; therefore, it has no measurement focus.

The agency funds of Campbell County are the Jail Inmate Account, the Employee Fund Account, the Senior Citizen's Account, and the Performance Bond Account.

#### E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4). Investments are reported at fair market value.

#### F. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed. Donated assets are recorded at fair market value at the time of donation.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### F. Capital Assets (Continued)

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization		Useful Life	
	Threshold		(Years)	
Land Improvements	\$	5,000	10-20	
<b>Buildings and Building Improvements</b>	\$	5,000	25-40	
Machinery and Equipment	\$	5,000	5-10	
Vehicles	\$	5,000	5-10	
Utility Systems	\$	5,000	25-40	
Infrastructure	\$	5,000	20-40	

#### G. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

#### Compensated Absences

The County's policies regarding vacation time do not permit an employee to accumulate vacation time. Although they earn time based on their years of service, they have until April of the following year to utilize all vacation time earned the previous year. However, upon termination of employment, employees do not receive pay for unused vacation time.

The County Police and the Road Department have a separate contract for sick leave. These employees earn 40 hours of sick leave per year. The entire 40 hours is given to them in January. If they are still employed by the Fiscal Court on December 31, they receive pay for their unused sick time the following January. If they are not employed on December 31, they do not get paid for their unused sick time.

The remaining Fiscal Court employees also receive 40 hours of sick leave in January; however, they do not get paid for their unused sick time.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### **H.** Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

"Reserved for TANK (Transit Authority of Northern Kentucky) Contributions" is referring to the portion of the TANK payroll tax receivable (first quarter) which the Campbell County Fiscal Court has agreed to provide to TANK to provide transit service in Campbell County.

#### I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The State Local Finance Officer does not require the Public Properties Corporation Fund to be budgeted. Bond indentures and other relevant contractual provisions require specific annual payments to this fund and these transfers are budgeted in the governmental funds.

The State Local Finance Officer does not require the Housing Choice Voucher Program to be budgeted, however, Campbell County has chosen to budget this fund.

The State Local Finance Officer does not require the Jail Canteen Fund to be budgeted, because the Fiscal Court does not approve these expenses made from these funds. However, Campbell County has chosen to budget this fund.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the Fiscal Court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The Fiscal Court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### J. Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include payroll taxes.

In the fund financial statements, material receivables in the governmental funds include revenue accruals, such as, occupational taxes, grants, and other similar revenues since they are usually both measurable and available. Non-exchange transactions, collectible but not available, are deferred in the fund financial statements in accordance with the accrual basis of accounting. Interest and investment earnings are recorded when earned only if paid within 90 days since they would be considered both measurable and available.

#### K. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and service type transactions are classified as "due to and from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets.

At June 30, 2008 the General Obligation Bond/Construction Fund owed the General Fund \$655,000 for money loaned to cover construction costs until bonds were issued. None had been repaid as of June 30, 2008.

At June 30, 2008 the Lakeside Terrace Apartments owed the General Fund \$89,133. The original loan amount totaled \$95,000 and was for the purchase of a generator for the facility.

#### Note 2. Deposits and Investments

#### A. Deposits

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

#### Custodial Credit Risk

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned to it. The county does not have a deposit policy for custodial credit risk, but rather follows the requirements of KRS 41.240 (A). As of June 30, 2008, all deposits were covered by FDIC Insurance or a properly executed collateral security agreement.

#### **B.** Investments

At June 30, 2008, all of the county's investments were classified as cash and cash equivalents. These were collateralized by pledged securities held by the county's agent in the county's name, and therefore were not subject to custodial credit risk.

#### **Note 3.** Operating Leases

The fiscal court entered into a lease agreement for copiers to be used by various county departments. The total expense related to this lease was \$4,406 for the fiscal year ended June 30, 2008. The future minimum lease payments for these leases are as follows:

Fiscal Year Ended	Governmental Activities		
June 30		amount	
2009	\$	4,038	
Total Minimun Lease Payments	\$	4,038	

The Park entered into a three-year lease for golf carts effective June 2008 for a total rental of \$393,822. This replaced the previous lease for golf carts that expired in October 2009. Under the terms of the lease, the Park agreed to obtain an "all risk" property insurance policy covering its full replacement value. In addition, the Park is required to obtain public liability insurance naming the lessor as an additional insured. Lease expense for the year ended June 30, 2008 was \$59,621. The future minimum lease payments for this lease are as follows:

Fiscal Year Ended June 30	Business-type Activitie Amount			
2009	\$	46,332		
2010		54,054		
2011		54,054		
2012		61,776		
2013		23,166		
	`			
Total Minimun Lease Payments	\$	239,382

#### **Note 5. Joint Ventures**

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based on these criteria, the following is considered a joint venture of Campbell County Fiscal Court: Campbell County Consolidated Dispatch Board.

The audit of Campbell County Consolidated Dispatch Board can be obtained by writing the Board at 998 Monmouth Street, Newport, KY 41071-2115.

#### Note 6. Capital Lease Receivable

The Campbell County Extension District Board entered into a capital lease with the Campbell County Public Properties Corporation (CCPPC) on January 6, 1992 for construction of a building for housing the offices of the Extension District. The CCPPC agreed to provide adequate land for the facility as well as assume the responsibility for securing a qualified licensed architect who would design and oversee the complete construction of the project. The Extension District has full responsibility to pay the entire cost of the construction including that of securing financing for the professional expenses, bond expenses, and construction expenses. It was agreed that the Extension District would advance the CCPPC \$175,000 for initial expenses related to the construction and upon occupation of the building by the Extension District, a semi-annual rent obligation would be payable to the CCPPC. The sum payable to the CCPPC shall include all expenses on an amortized basis over the life of the bonds for all costs related to financing and all fees associated with the issuance of the bonds. The Extension District has been granted the option of purchasing the building, parking lot, and area required for ingress and egress from the CCPPC for \$1.00 plus the assumption of all indebtedness owed for the construction of the project, if any. This option expires within 30 years from the signing of the above contract.

The Extension District advanced the CCPPC an additional \$96,932 to cover construction costs in excess of that originally contemplated.

#### Note. 6. Capital Lease Receivable (Continued)

#### A. 2001 Refunding Bonds

The Campbell County Fiscal Court issued as of July 1, 2001 \$2,520,000 General Project Refunding Bond, Series 2001, to refund Campbell, County Kentucky Public Properties Corporation Multiple Projects Revenue Bonds, Series 1992. In the 1992 series, a portion of the project was subleased by the County to the Campbell County Extension District Board pursuant to a sublease dated December 1, 1992 for automatically renewable annual periods through December 1, 2012. Payments to the County under the sublease are equal to the pro-rata portion of the lease payments to be made by the County, which are allocable to the portion of the project being subleased to the Extension District Board. The outstanding balance due to the Campbell County Fiscal Court from the Extension District Board as of June 30, 2008 was \$345,000.

### B. First Mortgage Refunding and Improvement Revenue Bonds, Series 1997 (Campbell County Public Properties Corporation)

First Mortgage Refunding and Improvement Revenue Bonds, Series 1997 were issued July 1, 1997 in the amount of \$3,650,000 for the purpose of refunding First Mortgage Revenue bonds (Jail Facilities Project) issued November 1, 1989. The bonds mature in varying amounts from \$95,000 to \$285,000 from November 1, 1997 through 2017. Interest is payable semiannually on May 1 and November 1 at rates from 4.70% to 4.80%. The bonds are secured by a foreclosable first mortgage lien on the jail property and A.J. Jolly Park and a pledge of revenue from both facilities. During the year ended June 30, 1998, the Campbell County Public Parks Corporation advanced A.J. Jolly Park \$466,200 to pay the cost of a new irrigation system. The amount of bonds assigned to the park and recreation improvements was \$1,665,000. Under the terms of the agreement, the Park is obligated to pay its proportionate part of the bonds and interest as they become due.

Bonds outstanding on June 30, 2008 were \$1,575,000. The debt service requirements for future fiscal years are as follows

### C. First Mortgage Refunding and Improvement Revenue Bonds, Series 1998 (Campbell County Public Properties Corporation)

As of July 1, 1998, Campbell County Public Properties Corporation issued \$1,545,000 First Mortgage Refunding Revenue Bonds (Court Facilities Project), Series 1998. These bonds mature in varying amounts on August 1 of each year from 1999 through 2009. Proceeds of the bonds were issued principally to defease and discharge First Mortgage Revenue Bonds (District Court Building) dated February 1, 1991. Under this arrangement, the Corporation made provision for discharge of all bonds by depositing with the Trustee permissible investment obligations sufficient to pay all principal and interest requirements on the bonds to a permitted date of redemption, or to the date of maturity; consequently, the Corporation has no further liability for the bonds. Interest is payable semiannually on February 1 and August 1 at rates ranging from 4.00% to 4.30% and principal payments are due annually on August 1 of each year.

Bonds outstanding on June 30, 2008 were \$305,000. The debt service requirements for future fiscal years are as follows:

#### E. Kentucky Association of Counties Leasing Trust

The Campbell County Fiscal Court, the City of Fort Thomas, and the City of Newport entered into an inter-local agreement dated January 9, 2001, which created Campbell County Consolidated Dispatch Board. As indicated per this inter-local agreement, the Campbell County Fiscal Court shall make a one-time contribution of cash in the amount of \$750,000, earmarked for capital equipment and development of the new communications system. Furthermore, the Fiscal Court shall make annual and recurring cash contributions to the Board, earmarked for general operational expenses, at the beginning of each fiscal year, commencing on the first year of dispatch service. The base amount for the initial fiscal year shall be \$200,000, which shall be adjusted each ensuing year by the percentage of increase/decrease in the cost-of-living index for the Greater Cincinnati SMSA area, as reported by the Bureau of Labor Statistics.

A memorandum of understanding was entered into by and between the Campbell County Fiscal Court and the Campbell County Consolidated Dispatch Board on June 27, 2002 implementing the following: The Campbell County Fiscal Court will enter into a six year lease with the Kentucky Association of Counties Lease Trust (KACoLT) in the sum of \$2,000,000 for the purpose of financing dispatch equipment for the Board. A total of \$1,250,000 of the principal amount will be made on behalf of the Campbell County Consolidated Dispatch Board, and a total of \$750,000 will be made on behalf of the County in meeting its obligation pursuant to the inter-local government agreement dated January 9, 2001. In addition, the Campbell County Fiscal Court shall be paid by the Campbell County Consolidated Dispatch Board a total of 62.50% of the annual lease payment less the credit of \$200,000 pursuant to the inter-local agreement. The outstanding balance due to the Campbell County Fiscal Court from the Campbell County Consolidated Dispatch Board as of June 30, 2008 totaled \$0.

On June 14, 2002, Campbell County Fiscal Court entered into a six-year lease with the Kentucky Association of Counties Leasing Trust (KACoLT) for the purpose of leasing dispatch equipment for the Campbell County Consolidated Dispatch Board. In June 2002, the first drawdown was made on this lease for the purchase of dispatch equipment and furniture. The remaining draw downs were made in the fiscal year ended June 2003. As of June 30, 2008 the remaining balance totaled \$0.

### F. Mortgage Payable (Lakeside Terrace Apartments)

The mortgage payable as of June 30, 2008 represents a permanent building loan provided by HUD. The balance due as of June 30, 2008 was \$137,812. The monthly installments for principal and interest at June 30 are \$10,375 with a maturity date of February 1, 2010. Interest is being charged at 8.5%. The mortgage note is secured by the apartment project.

Maturities of the principal of the mortgage note are as follows:

	Bus	iness-Type
		Activities
Fiscal Year Ended June 30,	-	Amount
		_
2009	\$	117,288
2010		20,524
Totals	\$	137,812

The fair value of the mortgage payable is estimated based on the current rates offered to the Project for debt of the same remaining maturities. At June 30, 2008, the fair value of the mortgage payable approximates the amount recorded in the financial statements.

### **G.** Related Party Note Payable

During the year ended June 30, 2008 the Campbell County Fiscal Court loaned Lakeside Terrace Apartments HUD Project No. 083-44012-236 \$95,500. This loan is to be repaid over seven and one half years with the first payment due in January 2008. The balance due as of June 30, 2008, was \$89,133. No interest is being charged. ### Note 8. Interest on Long-term Debt and Financing Obligations

Debt Service on the Statement of Activities includes \$18,699 in interest on financing obligations and \$695,551 in interest on bonds and notes.

### Note 9. Employee Retirement System

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost-sharing, multiple-employer defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Non-hazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for non-hazardous employees was 16.17 percent. Hazardous covered employees are required to contribute 8 percent of their salary to the plan. The county's contribution rate for hazardous employees was 33.87 percent.

Benefits fully vest on reaching five years of service for non-hazardous employees. Aspects of benefits for non-hazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

The County's CERS contribution totaled \$1,158,989 for the year ended June 30, 2007 and \$1,665,685 for the year ended June 30, 2008 which equaled the required contribution amounts.

#### Note 10. Insurance

For the fiscal year ended June 30, 2008, Campbell County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

### Note 11. Estimated Infrastructure Historical Cost

Historical cost of infrastructure placed in service prior to the fiscal year ended June 30, 2003 (year of GASB 34 implementation) is an estimate. For those assets, the primary government estimated the year this infrastructure was built by determining when a major reconstruction had been done on infrastructure. This estimate was used to calculate the infrastructure historical cost by determining current year construction cost and deflating it back to the estimated year of construction or reconstruction. Estimated infrastructure historical cost includes infrastructure placed in service from fiscal year 1984 through June 30, 2002. All infrastructure assets placed in service during the fiscal year ended June 30, 2003 and thereafter are recorded at actual historical cost.

#### Note 12. Concentrations of Business Risk

Lakeside Terrace Apartments' sole asset is a 96-unit apartment project. The Project's operations are concentrated in the multifamily real estate market. In addition, the Project operates in a heavily regulated environment. The operations of the Project are subject to the administrative directives, rules and regulations of federal, state, and local regulatory agencies, including, but not limited to HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD. Such changes may occur with very little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

The Housing Choice Voucher Program's operations are concentrated in the low-income rental market. In addition, the Program operates in a heavily regulated environment. The operation of the Program is subject to the administrative directives, rules and regulations of federal, state, and local regulatory agencies including, but not limited to, HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD. Such changes may occur with very little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. The majority of revenue is received form annual contributions from HUD. For the year ended June 30, 2008, approximately 99.6% of the Program's total revenue was received from that source.

### Note 13. Subsequent Events

The Campbell County Fiscal Court issued \$9,760,000 of General Obligation Public Project Bonds dated September 3, 2008. The interest is payable semiannually on January 1 and July 1 beginning January 1, 2009 at rates ranging from 3.00% to 4.50%. The bonds mature in varying amounts (from \$115,000 to \$730,000) on January 1 of each year from 2009 through 2028.

#### Note 14. Prior Period Adjustment

The net assets of the General Obligation Bond/Construction Fund account as of July 1, 2007 have been restated by \$(2,345) to remove the bond paying agent account from the financial statements. The bonds are recorded as 'paid' from their respective funds.

### Note 15. Negative Fund Balance in General Obligation Bond/Construction Fund

As of June 30, 2008 the General Obligation Bond/Construction Fund had a negative fund balance of \$651,917. The General Fund had loaned the General Bond/Construction Fund account \$655,000 to pay for construction costs on the new administration building in anticipation of selling bonds. These bonds were not sold until fiscal year ending June 30, 2009. The \$655,000 is reflected as a liability in the General Obligation Bond/Construction Fund as of June 30, 2008.

### CAMPBELL COUNTY NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

### June 30, 2008

### Note 1. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

In the required supplementary information, the budgetary comparison of the Housing Choice Voucher Program includes the original budget adopted by the Campbell County Fiscal Court along with budget to actual information. Campbell County Fiscal Court is not required to budget nor amend throughout the year. The Housing Choice Voucher Program has overspent the original budget as shown on page 71.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

### Note. 2 Budgetary Basis vs. GAAP

Accounting principles applied for purposes of developing data on budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles.

## CAMPBELL COUNTY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS Fiscal Year Ended June 30, 2008

Note 1 - The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Campbell County, Kentucky and is presented on a GAAP basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Steve Pendery, Campbell County Judge/Executive Members of the Campbell County Fiscal Court

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Campbell County, Kentucky, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated September 22, 2009. Other auditors audited the financial statements of the Campbell County Fiscal Court Housing Department Housing Choice Voucher Program, the Campbell County Public Properties Corporation, the Lakeside Terrace Apartments HUD Project No. 083-44-12-236, and the A.J. Jolly Park as described in our report on Campbell County's financial statements. Our report was modified to include a reference to the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered Campbell County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control over financial reporting. We consider the deficiency described in the schedule of findings and questioned costs to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control. Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we do not consider the significant deficiency described above to be a material weakness.

### **Compliance And Other Matters**

As part of obtaining reasonable assurance about whether Campbell County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, the Campbell County Fiscal Court, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

Respectfully submitted,

Crit Luallen

# REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Steve Pendery, Campbell County Judge/Executive Members of the Campbell County Fiscal Court

Report On Compliance With Requirements Applicable To Each Major Program And On Internal Control Over Compliance In Accordance With OMB Circular A-133

#### Compliance

We have audited the compliance of Campbell County, Kentucky, with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that are applicable to each of its major federal programs for the year ended June 30, 2008. We did not audit the compliance of the Campbell County Housing Choice Voucher Program. Compliance requirements described in the OMB Circular A-133 Compliance Supplement applicable to the Campbell County Housing Choice Voucher Program were audited by other auditors. Our opinion presented herein, insofar as it relates to the Campbell County Housing Choice Voucher Program is based solely on the report of other auditors. Campbell County's major federal program is identified in the summary of auditor results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Campbell County's management. Our responsibility is to express an opinion on Campbell County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Campbell County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit and the report of the other auditors provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Campbell County's compliance with those requirements.

In our opinion based on our report and the reports of other auditors, Campbell County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Report On Compliance With Requirements Applicable To Each Major Program And On Internal Control Over Compliance In Accordance With OMB Circular A-133 (Continued)

### Internal Control Over Compliance

The management of Campbell County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Campbell County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or a combination of significant deficiencies that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as described above.

This report is intended solely for the information and use of management, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

Respectfully submitted,

Crit Luallen
